

*** NEW MOVE-IN INFORMATION FOR 2023 BBRWF ***

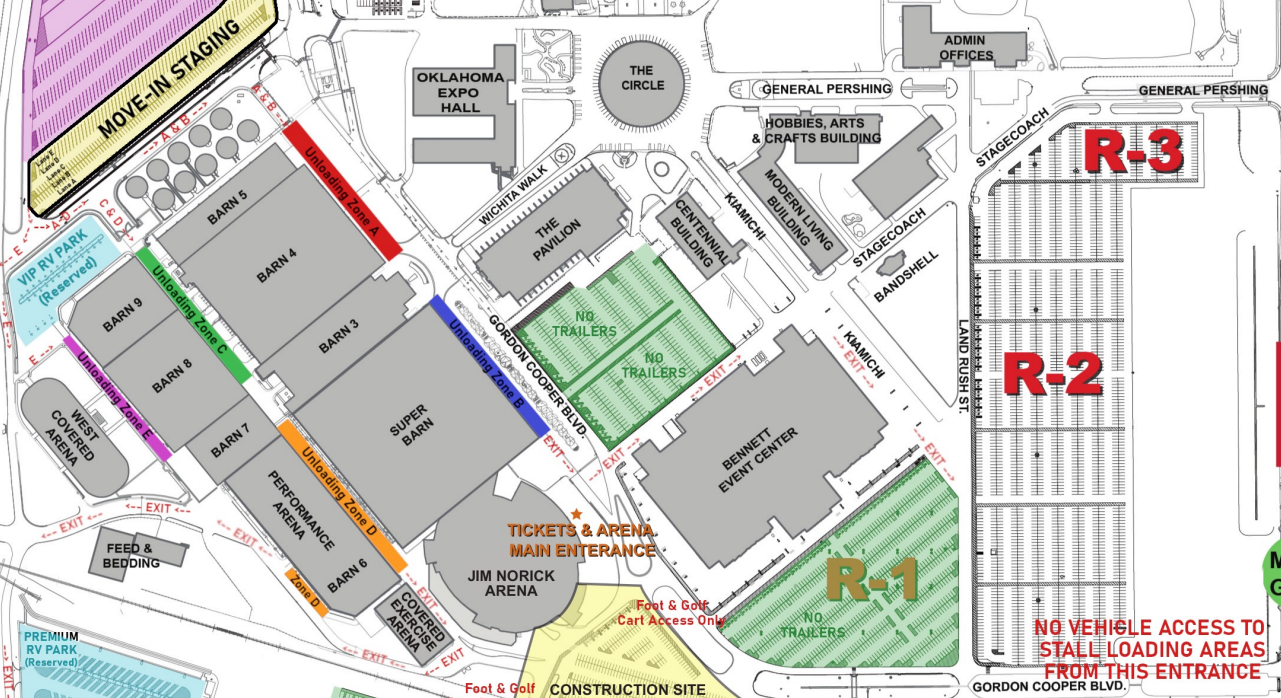

Due to construction at the fairgrounds, traffic, parking and move-in will be new this year! All trailers loading into or out of the stalls must enter off NW 10th St and enter the Move-In Staging Areas in the North Lot (B-1). All traffic through the loading areas will be from north to south. There will only be foot and golf cart access from the RV lots and parking areas south of the coliseum. Also, to minimize congestion, cars or trucks without trailers will not be allowed in the unloading areas!
